# About SOTEK GROUP

---

SOTEK's origins trace back to the founding of HBT in 2008. From this start, we have built upon 15 years of deep-rooted experience in the power industry. This extensive expertise has propelled our journey to market leadership, making us the recognized number one company for manufacturing high-performance transformers and complete substation solutions with a voltage capacity of up to 69 kV.

# Mission

---

Delivering superior quality products and services with exceptional value, while contributing to sustainable development and societal progress.

# Vision

---

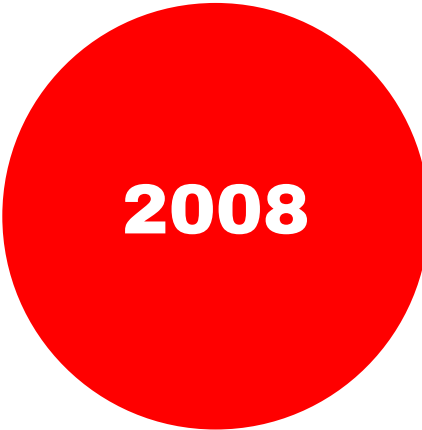

To establish our company as the premier technology solutions provider in Vietnam and the global market, committed to innovating for a better quality of life.
